The certification audit contract will be made and sent to the client.

STEP: 4 SUBJECT MATTER OF THE AGREEMENT

The subject matter of the agreement between both parties applies to the provision of conditions for granting the certification which confirms that the management system (system in following) conforms to the specified standard or other normative documents for the system. The client is aware of the fact that the system certification is performed on the basis of a dynamic system audit at the given moment. The client is bound to assure that the relevant provisions of this agreement will be met by the organisation whose management system will be certified (organisation in following). OTABU will perform the certification according to the application of the client and the price offer accepted by the client.

STEP: 5 START OF AGREEMENT VALIDITY

This agreement is applicable after it is signed by both parties, and the OTABU price offer is signed by both parties and the filled in OTABU form APPLICATION FOR MANAGEMENT SYSTEM AUDIT is signed and submitted by the client, all included without any exclusions

STEP-6 AUDIT

6.1 AUDIT PLANNING

Once the certification audit contract received, the technical manager plans the audit on the basis on audit time allocation and audit assignment, which is defined as below and raise the audit plan in duplicate, which should narrate the requirements of the relevant management system standard; size and complexity, name, address and scope of the client, date of audit and the constitution of the audit team and send it to the auditors before fifteen working days. After getting the consent from auditor, audit assignment register will be filled and the statement of confidentiality and no conflict of interest will be obtained. The Audit plan shall be sent to the client there after. The operational manager will confirm the date then about the auditor & technical expert detail with the client.

6.2 AUDIT INTIMATION

OTABU CERTIFICATION PVT. LTD.

RZ-9, PREM NAGAR, UTTAM NAGAR, NEW DELHI - 110059, INDIA

Audit plan shall reach the client before ten working days of audit. The receptionist shall confirm the dates of audit and the constitution of the auditors and mark the same on the office copy of audit plan

6.3 STAGE-1 AUDITS

The stage one audit is performed by lead auditor at client's premises, to audit the client's management system documentation. To evaluate the client's location and site-specific conditions and to undertake discussions with the client's personnel to determine the preparedness for the stage 2 audit. To evaluate if the internal audits and management review are being planned and performed, and that the level of implementation of the quality management system substantiates that the client is ready for the stage 2 audit.

6.4 STAGE-1 AUDIT REPORT

After the stage one audit the auditor shall submit his finding & advise by written report.

6.5 STAGE-2 AUDITS

Stage two audits is an assessment audit, which is carried out after phase one audit's inadequacies have been removed and the organization is all set to demonstrate the compliance to the selected international standard. Auditors will plan and conduct the assessment audit.

6.6 SURVEILLANCE AUDITS

Surveillance audits are carried out bi-annually/annually to ensure that the certified management system is in compliance and demonstrates continual improvement in terms of Systems, products and resource management.

STEP: 7 CERTIFICATION

Based on the audit report, the list of nonconformities and the action plan of the client taking corrective actions OTABU will decide autonomously about granting, postponing or the rejection of the certification. This decision is made in writing to the client.

STEP: 8 GRANTING CERTIFICATION

- If the certification is granted, the certificate is issued in the language and for the activities according to the application, and is sent to the client and recorded into the OTABU list of certificated organisations & details will be updated on web pages also.
- Certification is valid only for the certificated organisation, i.e. for the system recorded in the certificate applicable for the products / services recorded in the certificate. Any transfer of the certification and the certificate is explicitly forbidden.
- Certification is valid for one year however total validity is 3 years subject to surveillance audits are performed and the certification is not suspended or withdrawn by OTABU.
- The surveillance audit represents a visit of an auditor, nominated by OTABU to ensure the maintaining of the system level. Surveillance audits will be performed every 12 months. However, this number could be changed if it is imposed by any official regulation or based on the recommendation of the auditor.
- OTABU can perform follow-up audits out of the regular cycle, if the system amendment is considered by OTABU to be the principal or if the scope of the application is changed.

OTABU CERTIFICATION PVT. LTD.

RZ-9, PREM NAGAR, UTTAM NAGAR, NEW DELHI - 110059, INDIA

STEP: 9 POSTPONMENT OF GRANTING CERTIFICATION

OTABU can decide autonomously to postpone its decision on certification while the required corrective actions are implemented by the organisation. After these actions are executed, the auditor will perform a new audit. Based on this, OTABU will decide autonomously about granting the certification. The extent of this new audit depends on the extent of the nonconformities and relevant corrective actions.

STEP: 10 REJECTION OF CERTIFICATION

In case the certification is rejected, the validity of this agreement automatically comes to an end three months after the rejection is announced to the client, if the client does not submit an appeal or will not submit a new application for audit. The costs will be charged by OTABU to the client in accordance with the beforehand agreed prices regardless to any appeal.

STEP: 11 RENEWING CERTIFICATION

The certification must be renewed before its expiry. Renewal of the certification requires a total audit. This agreement is the order for certification renewal. Also, a new OTABU price offer must be agreed by the client.

STEP: 12 RESTRICTING, SUSPENDING, WITHDRAWING AND EXPIRY OF CERTIFICATION

Provisions 12.1 to 12.5 are valid for the entire scope of certification or for its part.

12.1 - RESTRICTING CERTIFICATION

Restricting certification is a temporary arrangement, not exceeding a 3 months period and will be applied if the critical nonconformities of the system are identified (e.g. during surveillance audits), or if the certified organisation does not submit adequate corrective actions for identified nonconformities in time. Restricting will be announced to the client and organisation in writing and becomes valid 30 days after it is announced to the client, except if the client appeals within time, according to the procedure given in Clause appeal & claim procedure.

12.2 - SUSPENDING CERTIFICATION

OTABU is authorised to suspend the certification in case of detecting (e.g. during the regular, follow-up, or surveillance audit) that the system is not in conformity with the standard or in case the obligations of this agreement including financial obligations are not kept to by the client / organisation. Suspension can come with or without previously restricting the certification. Suspension will be announced to the client and the organisation in writing, and becomes valid 30 days after it is announced to the client, except if the client appeals within time, according to the procedure given in clause 7.

12.3 - WITHDRAWING CERTIFICATION

The certification will be withdrawn:

- when the activities subjected to the certification cease to exist e.g. suspension of the activity, bankruptcy etc. (in case of bankruptcy the certification loses its validity on the day the bankruptcy is announced)
- In case the agreement is cancelled.

OTABU CERTIFICATION PVT. LTD.

RZ-9, PREM NAGAR, UTTAM NAGAR, NEW DELHI - 110059, INDIA

12.4 RESTORATION OF CERTIFICATION:

Restoration of a suspended certificate can only take place after all issues have been resolved and verification of such resolution (audit/documentary evidences/other as per suspension requirements) has been undertaken not more than 6 months from the original suspension. Where scope of certification has been reduced instead of complete suspension of a certificate, this too can be restored following issue resolution and, where appropriate, an audit or documentary evidences/other method of evaluation has taken place to confirm and verify resolution. In all cases a certification decision will be recorded and act accordingly by Certification Technical Committee

12.5 - EXPANDING

Upon the request of the client at any point of certification cycle, the scope of certification can be extended after the verifications conducted as per the OTABU certification process.

12.6 - REDUCTION

Upon the request of the client or during the surveillance audit as identified/verified by the audit team, the scope of certification can be reduced after the verifications conducted as per the OTABU certification process.

12.7 EXPIRY OF CERTIFICATION

The certification automatically and legally loses its validity after expiry, unless it is renewed.

12.8 CONSEQUENCES

In case of restricting the certification, neither the client nor the organisation may either lay claim to the certification or refer to the certification in external contacts (e.g. offer, negotiations about a contract, publication, advertisement) during the time of restriction. In case of suspending, withdrawing or expiry, the client / organisation is obliged to immediately send the certificate to OTABU and to stop any use of the certification or any reference to it. Any misuse or misleading of this, will lead to penalties. Besides this, OTABU can publicise the suspension and the withdrawal. In case of suspension, withdrawal or expiry, obligations to OTABU will legally cease to be.

STEP: 13 APPEAL AND CLAIM PROCEDURE

The appeal can be received by e-mail, fax, written, verbal. On receipt of an appeal, committee evaluates gathers and verifies all necessary information to validate the appeal. The appeal is recorded, acknowledged and communicated to the appellant by Certification committee.

Certification committee carries out investigation of the appeal taking into account results of previous similar appeals. Certification committee submits a report indicating the results of investigation and the actions to be taken as well as the reply to be sent to the client.

The final decision is made by Certification committee on the basis of the review of report received from AC committee/Nominee. In case Certification committee was previously involved in the certification decision related to appeal, the decision is taken by another nominated person who was not previously involved in the specific certification audit / decision process.

OTABU CERTIFICATION PVT. LTD.

RZ-9, PREM NAGAR, UTTAM NAGAR, NEW DELHI - 110059, INDIA

Certification committee tracks and records the actions taken and the appellant is kept informed by Certification committee on the progress till the appeal is resolved. At the end of appeal handling process, formal notice is given to the appellant by Certification committee.

Certification committee would ensure that appropriate correction and corrective actions are identified and implemented where required.

Certification committee ensures that submission, investigation and decision on appeals shall not result in any discriminatory actions against the appellants.

Certification committee submits his report to director technical and the decision will be communicated to the appellant.

The progress report shall be send to appellant and request him for the feedback within fifteen days. if the complainant does not come back it means the appeal is solved.

This shall be shown and discuss with impartiality committee.

Confidentiality shall be maintained throughout.

13.1 RESOLVING OF DISPUTES AND COMPLAINTS

OTABU shall constructively and quickly resolve all Appeals and complaints from the client. In case it is not possible to come to an acceptable solution, or a suggested procedure is not acceptable, the client can appeal according to the following provisions.

13.2 INTERNAL APPEAL

In case of dissatisfaction with resolving a complaint or appeal, also the rejection, restriction or suspension the certification, the client can appeal. This appeal has to be presented within 30 days after OTABU announces its decision. OTABU is bound by the agreement to examine this appeal with the necessary attention and independence, and announce its decision with explanation in writing within 30 days. If OTABU agrees to the appeal, it shall accept the new decision. If OTABU decides to reject the appeal, it will be of the same effect as the original decision, with the notification that the procedure of another internal appeal is not possible. Each party bears its own costs connected with this procedure of an internal appeal.

13.3 EXTERNAL PROCEDURE

After the procedure of an internal appeal is completed, or if it was not acted in accordance with the procedure for an internal appeal, each party can submit a disagreement related to this agreement for arbitration through the accreditation body or an independent third party, or legal interpretation if necessary. This procedure has no suppressive effect to the OTABU decision.

STEP: 14 SPECIAL OBLIGATIONS OF THE CLIENT / ORGANISATION

14.1 ACCESS

The client / organisation is bound by the agreement to perform all necessary arrangements to meet the purpose of this agreement, to permit OTABU representatives access to buildings and establishments of the organisation with an accompaniment of the organisation during regular working hours, and instruct them about keeping
